PROFESSIONAL SUMMARY

A highly motivated Full-Stack Web Developer and Computer Science graduate from Damanhour University. Proficient in crafting dynamic, user-friendly web applications with expertise in both front-end and back-end development. Experienced in JavaScript (ES6+), TypeScript, React.js, Next.js, Vite, React Native, and Node.js for comprehensive full-stack solutions. Skilled in state management using Redux Toolkit with RTK Query, Zustand, and TanStack React Query, plus responsive design using Tailwind CSS, MUI, shadcn/ui, and custom animations. Proficient in building RESTful APIs, database integration, geospatial dashboards, interactive maps, analytics views, forms, and leveraging Git, GitHub, Postman, Firebase, Supabase, AWS Amplify, and Agile workflows for efficient development. Experienced in creating dashboards with full CRUD functionality, translating Figma designs into interactive applications, and delivering seamless user experiences. Aiming to bring innovation and technical expertise to every project while continuously expanding skills in modern web technologies.

TECHNICAL SKILLS

HTML5 | CSS3 | Tailwind CSS | Bootstrap | React.js | Next.js | TypeScript | Vite | Git/GitHub | Axios | OOP Programming | Context | Zustand | TanStack React Query | React Query | React Router | Redux Toolkit | RTK Query | MUI | Shadcn UI | jQuery | Responsive Design | Postman | APIs | Firebase | AWS Amplify | Node.js | Express.js | MongoDB | JWT | Stripe | SignalR | Framer Motion | Recharts | Highcharts | ECharts | React Hook Form | Formik | Yup | Zod | i18next | Mapbox | Leaflet | UI/UX Implementation | Dashboard Building | Geospatial Applications

PROFESSIONAL EXPERIENCE

Frontend Developer Mar 2026 – Present

Neea Studios Ltd

In a full-time remote role based in Plymouth, England, developed and maintained a React and TypeScript dashboard for a geospatial intelligence platform, supporting admin and client workflows across stakeholder management, project dashboards, map templates, data tools, and page-building features. Built scalable UI modules with reusable component patterns, state management, authentication guards, role-based routing, forms, tables, filters, uploads, interactive maps, geospatial visualizations, stakeholder databases, campaign/e-action management, custom page builder widgets, charts, analytics views, and client/admin settings.

Technologies: React.js, TypeScript, Vite, Tailwind CSS, Shadcn UI, Zustand, TanStack React Query, React Router, Mapbox, Leaflet, Highcharts, ECharts, React Hook Form, Zod, AWS Amplify, UI/UX Implementation, Dashboard Building, Geospatial Applications

Frontend Developer May 2024 – Present

Freelance

Built responsive web applications and modern UIs for clients using React, Next.js and Tailwind CSS.

Technologies: React, Next.js, React Native, Tailwind CSS, TypeScript, Shadcn UI, React Query, Redux Toolkit, RTK Query, Zustand

Frontend web Developer Sep 2025 – Jan 2026

PioneerTecsca

Working on building a new website for PioneerTecsca, a company that specializes in industrial engineering and construction.

Technologies: HTML, CSS, JavaScript, React, Inertia.js, Next.js, Laravel, Git, GitHub, Team Collaboration, Agile Methodology, Responsive Design, Tailwind CSS, Bootstrap5, TypeScript, GSAP Animations, Framer Motion, Shadcn UI, Business Logic

Web Developer Intern Jan 2024 – Apr 2024

Local Tech Academy

Contributed to frontend development and learned modern web practices in a professional environment.

Technologies: HTML, CSS, JavaScript, React, Git, GitHub, Team Collaboration, Agile Methodology, Responsive Design, Tailwind CSS, TypeScript, Bootstrap5

Fullstack Developer Jan 2024 – Apr 2025

Training at ROUTE Academy

Developing full-stack web applications and custom solutions for clients using React, Next.js, and Node.js.

Technologies: React, Next.js, Node.js, Express, MongoDB, Tailwind CSS, Shadcn UI, React Query, Redux Toolkit, RTK Query, Zustand, TypeScript

PROJECTS

Pioneer Tecsa www.pioneertecsa.com/ Industrial engineering and corporate portal Stack: Next.js, TailwindCSS, Responsive Design	2025 · Corporate Website
Medeucare www.medeucare.com/ International healthcare facilitation platform Stack: React.js, Inertia.js, Laravel, TypeScript, TailwindCSS	2025 · Healthcare
Plump Clinics plumpclinics.com/ Clinical operations and patient management system Stack: React.js, Inertia.js, Laravel, TailwindCSS, Shadcn UI	2025 · Healthcare
Estockeh B2B industrial marketplace and supply hub Stack: Next.js, TypeScript, TailwindCSS, Shadcn UI	2026 · Marketplace
Points Xpert Customer loyalty and rewards ecosystem Stack: Next.js, TypeScript, TailwindCSS, React Query	2026 · Web Application
joy2earn Gaming rewards and competition platform Stack: Next.js, TypeScript, TailwindCSS, Shadcn UI, React Query	2025 · Web Application
Gym Website gym-front-v2.vercel.app Fitness management and performance tracking Stack: Next.js, TailwindCSS, Shadcn UI, Framer Motion, React-Query, Redux Toolkit, ASP.NET	2024 · Web Application
Kenzar Online Store kenzar.store Premium fashion e-commerce storefront Stack: Next.js, TailwindCSS, Shadcn UI, Modern UI Design	2025 · E-commerce

EDUCATION

Bachelor's Degree in Computer Science Damanhur University I graduated from the Faculty of Science as a computer science student from Damanhour University. I learned computer basics and then learned programming basics in many programming languages and learned OOP and Data Structure and Data Base and NetWorking and more of fields.	09/2021 - 06/2025

COURSES & CERTIFICATIONS

Full-stack Node.js Route Academy The Full-Stack Node.js training at Route Academy provides comprehensive learning in building full-stack applications. It covers back-end development with Node.js, Express.js, and RESTful APIs, along with front-end integration using modern frameworks. The program emphasizes database management with MongoDB and SQL, authentication, and deployment techniques. Hands-on projects and real-world scenarios enhance practical skills and problem-solving abilities.	01/2024 - 04/2025
